

What if something goes wrong after the inspection?

78 days later, the sump pump won't pump

92 days later, the roof leaks

99 days later, the heater won't turn on

On moving day, the dishwasher leaks

52 days later, a floor joist cracks

Very next rain, downspout falls off

45 days later, the door bell doesn't ring

5 days later, the water heater tank leaks

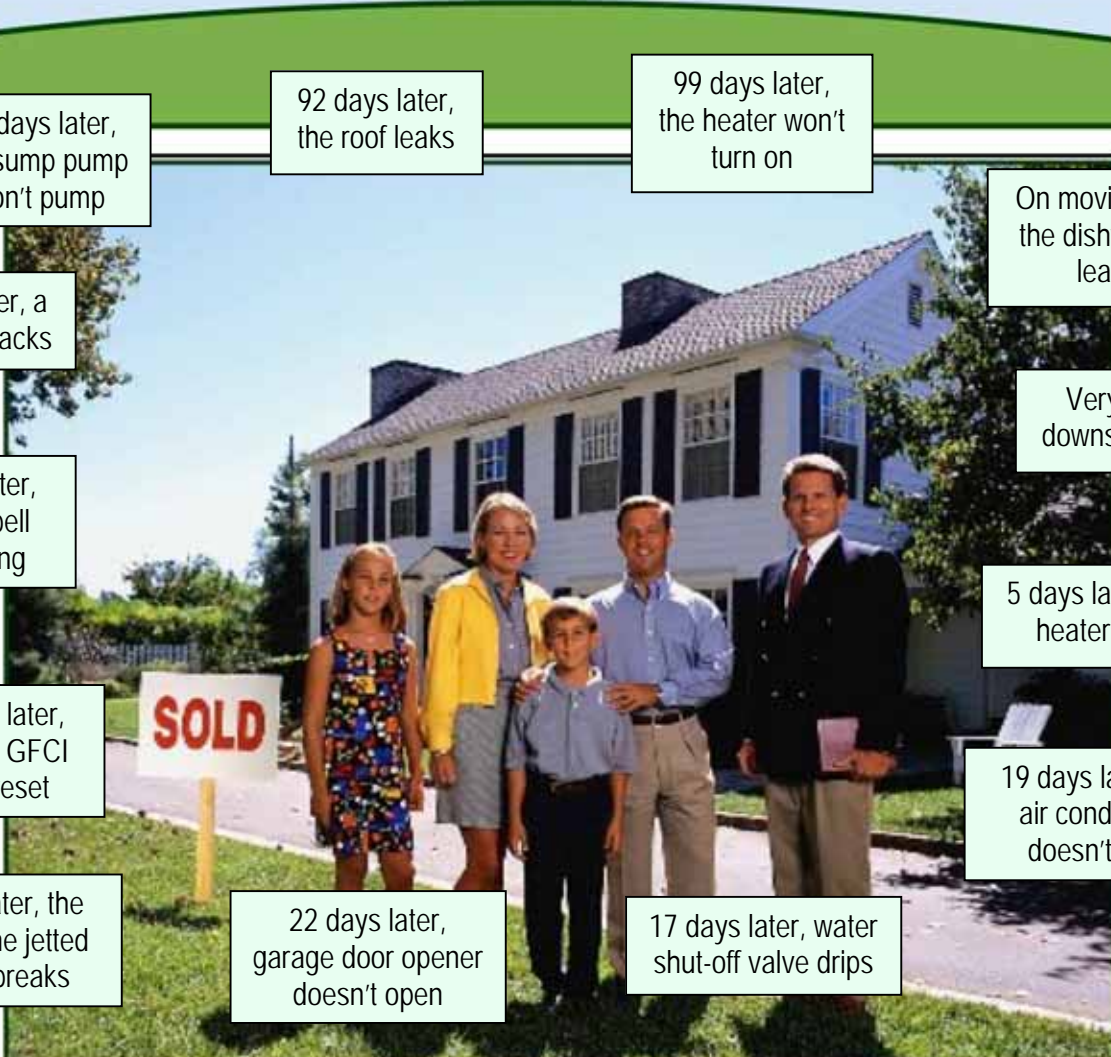

81 days later, the bath GFCI won't reset

19 days later, the air conditioner doesn't work

38 days later, the motor of the jetted bathtub breaks

22 days later, garage door opener doesn't open

17 days later, water shut-off valve drips

**Don't worry.
Your inspector included a 100-day
inspection support coverage.**

Your inspector is a member in good standing with Mountain Inspection Support Association. We provide to our members 100 days of inspection support coverage, including a limited \$1,000 reimbursement. If something goes wrong after your inspection, contact us or your inspection company.

Ben Gromicko, President, Mountain Inspection Support Association. ben@mountain-association.org
MISA is a non-profit organization whose charter is to educate inspectors, help them prepare for and limit complaints, and support them in the case where a complaint was unavoidable.
